

How to apply for a teaching position at BISR

Please complete and upload your application form, up-to-date CV, (including a photograph) and a supporting statement of application to <https://apply.uptic.net/school/bisr>.

Try to make your letter no more than two sides of A4. We have decided to give applicants some guidance on what to include in the letter as previously we have received applications which focus heavily on behaviour management. Our boys and girls are very, very well-behaved, and so we would rather read about your many other attributes.

Therefore please respond to the following. Feel free to structure your letter as you want, and to combine two or more of these questions into one paragraph if you wish.

1. Explain why you are applying for this position. Is because of push or pull factors? Please identify the single most significant reason for making the application.
2. Explain in what ways your expertise and experience makes you a strong candidate for this role. What have you done professionally up to this point in your life which makes you special?
3. How do you think you would be able to support our Mission and REACH motto?
4. Describe a good lesson you delivered recently, and explain why you think it was good and how it exemplified your own definition of quality learning.
5. Do you think a school can be British and International? How do you think this is achieved?
6. What do you want to be doing in five years' time, and if appointed to a post at BISR, how do you think we can help you develop professionally?

We very much look forward to receiving you application.

Chris Mantz

Principal
